- Plug and Play, ready to use within minutes at your events
- 4.5-Meter-tall LED- Full HD Quality without entailing great expenses at any location

More Information and pricing from your local SAMSUNG Representative

SAMSUNG I.F. 1.5.

The introduction of the I.F. 1.5- Series extends Samsung Electronics portfolio of available Indoor- LED Walls. Models range from a Pixel pitch of 1.5, 2.0 to 2.5 millimetres. The use of HDR- Image optimization creates impressive content displays and offers a compelling customer experience at Point of Sale and Interest. Simultaneously can users profit from the comfortable modular construction with magnetic mechanisms, as well as simple content control thanks to the Samsung LED Signage Box (S-Box) and the intuitive MagicInfo Software. The Full Front Service allows for an easy frontal maintenance.

It's as easy as that: Drive the Flightcase of the WOWMAKER to the desired location. Lower the device foot after removing the front and back cover. Roll away the Casefloor, plug in the Media signal and connect the Display. **All that in only 2,33 minutes.**

Model Name	WOWMAKER M 130
Description	Mobil 130-inch LED complete system with Lifter and Flightcase
Display technique	Samsung, Serie IF1.5
Container, Lifter, Flightcase	roger Elektronikbauteile GmbH
Display size	2.895 x 1.635 mm
Display diagonal	3.300 mm (130 Zoll)
Active display Parts	2.880 x 1.620 mm
Adjustable lower Display edge (Lifter)	from 100 to 1.350 mm
Device base	750 x 850 mm
Space	3.020 x 1.000 mm
Height (Lifter)	from 1.735 to 2.985 mm
Resolution	1.920 x 1.080 px
Pixel Pitch	1,5 mm
Brightness	800 cd/m ² (nit); Dynamic Peaking 1.600 cd/m ² (nit)
Viewing angle	160 horizontal and 160 vertikal
Image processing options	HDR, Dynamic Peaking
Framerate	50/60 Hz
S-Box (UHD Processor)	Can be run factory made
